

Date: 17/01/2018

Notice

To: SE, TE and BE Students of all Department

This is to inform you that TCET Codechef's Codecypher chapter is organizing an Orientation Session for 'Competitive Programming and its importance in one's career'. A few experiences of some programmers who have done well in this domain will also be shared.

Speaker: Anup Kalbalia, Tech Lead at Directi (Codechef)

Date: Friday Jan 19th 2018

Time: 4:30-5:30 (during ABL hours)

Registration Link: <http://nome.ga/ocp>

Team: Sagar Pathare(# 9768631997), Rohit Singh, Gautam Ojha, Aditya Rai

Coordinator: Shiwani Gupta (Faculty Advisor-TCET Codechef Codecypher chapter)

Highlights:

- Importance of learning data structures and algorithms in building a career in computer programming
- Introduction to the online judge and programming competitions like ACM ICPC and IOI
- How India has been performing at these competitions
- Examples of the synergy between best software engineers and competitive programmers
- Stories from the world of competitive programming that serves as a motivation to students to take this subject up
- Share some of the best practices in coding culture which are emerging globally and in India.
